Easy-to-use, easy to shape—create your own packaging pouches!

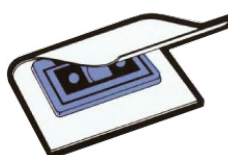

Replace multiple mail pouch SKU's with a single roll of packaging material.

Cro-nel® packaging material creates the perfect mailing pouch. It's constructed of an outer shell of 60# kraft paper and a 1/16" foam liner with a cohesive coating. The Cro-nel® Dispenser Pack contains a 12" wide x 250' long roll of Cro-nel®. Simply dispense the length of Cro-nel® packaging material you need to create the size pouch you desire.

Keep a Cro-nel® Dispenser Pack available... ready to use whenever you need. Just follow one of these simple packaging techniques.

Tear off amount of material you need:

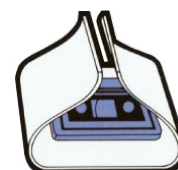

1. Position item on material.

2. Form package by folding material over item. Press inside surfaces together.

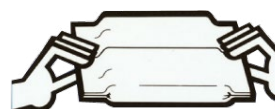

3. A one-inch seal is adequate for most packages.

1. Center item on material.

2. Align and press together top edges of material.

3. Tuck ends and seal.

Store dispenser at room temperature, away from radiator or high heat. If stored at cold temperatures, allow to warm up to room temperature before using. Keep flap closed when not in use.

Pre-wrap rubber items and uncoated brass or copper before packaging
