

AIRplus® DISPENSER SYSTEM

SPACE-SAVING AND
PRODUCTIVE

AIRplus® DISPENSER OFFERS EFFICIENT AND ERGONOMIC AIR CUSHION PRODUCTION

The AIRplus® Dispenser system is the first choice for efficient and ergonomic processes in packaging logistics: it supports and centralizes the process of filling boxes with air cushions, thus increasing productivity and reducing space requirements. User-friendly operation guarantees ergonomic work: the air

cushion strip is simple to thread, while the AIRplus® Dispenser system dispenses air cushions at the press of a button or on demand – and thanks to comfort perforation film, these can be detached with just one hand.
