COMFORTABLE WORKFLOW
AND EFFICIENT PROCESSES

EVERYTHING TO HAND – ERGONOMIC PROCESSES WITH **SMARTline Packing Stations**

ERGONOMIC AND EFFICIENT

Efficient processes and comfortable workflow – the SMARTline Packing Stations ensures the optimum packing process by ensuring unnecessary movements are avoided, as the packer always has all of the packaging materials conveniently at hand. The individually customized packing stations are ergonomically designed in line with the Storopack Working Comfort® principle and not only increase the productivity of your processes, but also the well-being of your employees.

FUTURE-PROOF PACKING PROCESSES

The modular concept of the packing stations prepares your packaging processes for the future. Thanks to the modular principle, the packing stations can be expanded at any time and thus tailored to the packer's individual needs and the requirements of your packing process. Stations are seamlessly integrated into any process, and applied to any packaging material: whether it's AIRplus®, PAPERplus®, FOAMplus®, or Loose Fill, SMARTline Packing Stations offer just the right comprehensive solution.
