

PAPERplus® Papillon

100% RECYCLED

ECO-FRIENDLY AND EFFECTIVE

PAPERplus® Papillon

100% RECYCLED PAPER PADDING OFFERING OPTIMAL PROTECTION

Exceptionally eco-friendly padding material with excellent cushioning: The unique shape of the pad is patented. The pads are lightweight and offer a good cushioning spring effect. PAPERplus® Papillon paper padding can be used either for Top Fill or Block & Brace applications in the box. Furthermore, the Papillon pad adapts quickly around the products ensuring reliable

protection and prevents product shifting during transport. Papillon improves the presentation by offering a pleasant unboxing experience to the end-customer. Also, Papillon can be disposed curbside or wherever paper can be recycled in your region. Reducing primary raw materials is a focus for Storopack.

PAPERplus® PAPILLON AT A GLANCE

- ▶ PRODUCED FROM RECYCLED MATERIALS
- ▶ CURBSIDE RECYCLING
- ▶ PADDING CAN BE USED MULTIPLE TIMES FOR ITS ORIGINAL PURPOSE
- ▶ AVAILABLE IN KRAFT, BLACK, RED, BLUE, PINK, YELLOW AND GREEN

STOROPACK – PERFECT PROTECTIVE PACKAGING

Wherever in the world you send your products, we want them to be well protected while in transit.

SUSTAINABILITY MEANS TRUSTING NATURE

New, more sustainable raw materials are a great way to protect the environment and natural resources. Therefore, our product-development experts are increasingly using suitable eco-friendly and sustainable materials for our products.
