

FOAMplus® Mini

FAST AND EASY-TO-USE

FOAMplus® Mini MEANS FAST FOAM-IN-BAG PROTECTION WITHOUT A MACHINE.

FOAMplus® Mini brings maximum product protection directly from stock – without the need for a machine or any upfront investment. It is a portable and easy-to-use option for businesses shipping mid-weight to heavy products that need to be reliably fixed and protected in shipping cartons.

Unlike conventional foam-in-bag systems, the FOAMplus® Mini comes ready to use and eliminates the need for dispensing equipment or upfront investment. The simple handling - press, mix, and pack - allows any user to create reliable protective cushions instantly, without prior training or technical expertise making it the ideal entry-level solution for companies with smaller daily shipping volumes.

Press, mix, and pack:

Anyone can instantly create professional protective cushions.

STOROPACK – PERFECT PROTECTIVE PACKAGING

Wherever in the world you send your products, we want them to be well protected while in transit.

FOAMplus® IS HIGH-PRECISION PACKAGING, LIGHT AS A FEATHER.

Our FOAMplus® packaging system protects your products using true-to-contour padding made of shock-absorbing polyurethane. Foam padding from Storopack is environmentally friendly as it is lightweight, reduces transport costs, and can be reused for the same products.
