

COMFORT.PACK Stations with WAT Dispensers,
Lifting tables, conveying and PAPERplus® Track and
AIRplus® Recycle
Full range supplier for commercial kitchens

INCREASED EFFICIENCY AND EMPLOYEE SATISFACTION

Based in Salzkotten, Germany, Bartscher Logistik GmbH is part of the Bartscher brand and is well known for its leading position in commercial kitchen equipment for the food service and hotel industries.

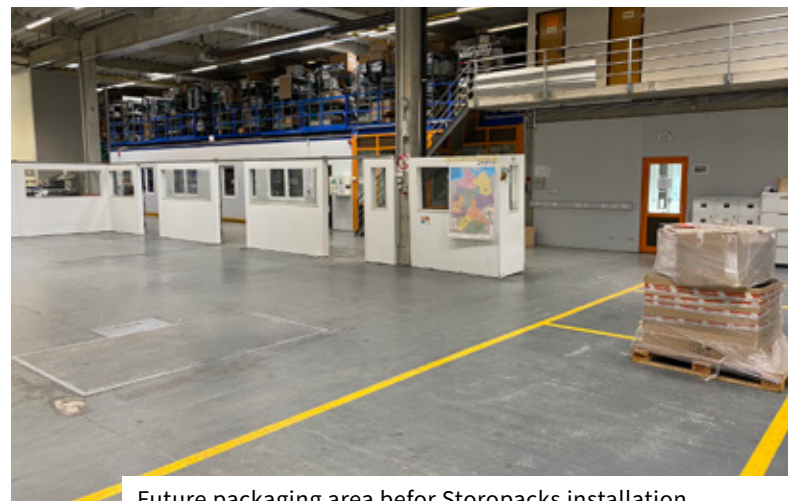

PRODUCTS: commercial kitchen equipment
SCOPE: four double COMFORT.PACK stations with WAT dispensers and lifting tables
PAPERplus® Track and
AIRplus® Recycle

“Thanks to Storopack’s comprehensive project support, we were able to develop the optimal process. With quick planning and implementation, we managed to finish everything on schedule and see results in the first few weeks. To ensure performance, we made the decision to entrust Storopack with system maintenance over the long term.”

**DANIEL HARTMANN,
CEO OF BARTSCHER LOGISTIK GMBH**

CHALLENGE – HIGHER ERGONOMIC AND EFFICIENCY DEMANDS

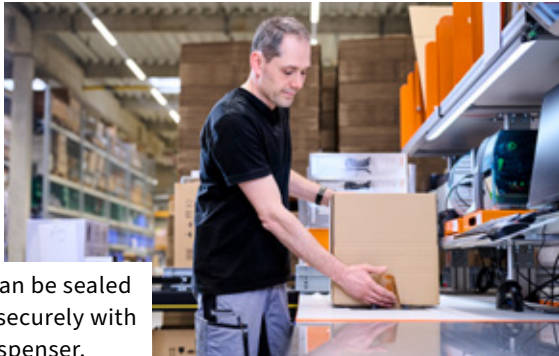

The shortage of skilled labor and growing average age of employees in the packaging industry represents a challenge to many, also to Bartscher. To meet employees higher ergonomic expectations and keep up with efficiency they required optimized workstations and processes. For comprehensive consulting and solutions Bartscher turned to Storopack.

Future packaging area before Storopacks installation

SOLUTION - FOUR DOUBLE COMFORT.PACK STATIONS WITH EXTENSIVE EQUIPMENT

Together we analyzed the entire packaging process and introduced comprehensive measures. We increased the number of packing stations from six to eight, opened up a wall, and modified the kill switch concept on-site. By integrating our tailored solutions – COMFORT.PACK, COMFORT.PROTECT, WAT dispensers, lifting tables, and additional conveyor technology – and fully optimizing the entire process, we have achieved lasting improvements at Bartscher. For protective packaging Bartscher will be using Storopack's PAPER-plus® Track and AIRplus® Recycle film in the future.

Packages can be sealed easily and securely with the WAT Dispenser.

The lift table enables ergonomic processing of heavy or bulky boxes.

RESULT - INCREASED ERGONOMICS AND THROUGHPUT

In just two days, the new integration noticeably increased throughput – without any changes to the existing staff. The ergonomically optimized workstations also boosted employee satisfaction significantly. The increased efficiency and quality in the packaging process has not only enhanced Bartscher's competitiveness, but also offers the staff some relief.

STOROPACK – PERFECT PROTECTIVE PACKAGING

Wherever in the world you send your products, we want them to be well protected while in transit.

ALL BASES COVERED

We at Storopack would like to offer our customers the very best, which is why we set great store by the ability to listen, comprehensive consulting, and long-term services across all sectors. Our products and solutions are tailored specifically to your requirements. We support you until you achieve the ideal results and even beyond – locally around the world.
